

Charity Trustee with Medical Experience

The voluntary Management Committee is responsible for the Scheme's operation. A manager, two assistant managers (1 FTE), and an administration assistant are employed to run the service. The service is provided by about 40 Care Attendants (all part time, mostly employees, a few volunteers).

The Management Committee currently consists of 8 people. It meets on the first Monday of each month at 7pm in a meeting room at Biggart Hospital, Prestwick (where the office is located). There are four sub-committees which also meet monthly.

There is a vacancy for someone with medical, paramedical or nursing experience to join the Management Committee and to serve on the subcommittee which supports the scheme's manager with advice on medical policies and procedures and supports staff with advice when incidents occur.

To apply, or to obtain more information, please contact:

Anne Symington (Manager)
